IN GENERAL

We stick to our opinion that it is much more interactive to provide you with the opportunity to be very close to the event. That means on the other hand that the exhibition space is restricted.

Your sponsor level is a result of the sum of the single items below.

YOUR WISHES

If you are interested in organizing a **user group meeting**, a **product presentation** or a **lunch meeting** within the scope of the conference you are mostly welcome to talk about the possibilities!

If you are interested in an industry **workshop**, a **panel discussion** or **round table** discussions please provide us with your topic suggestion and do not hesitate to express your requests!

**Please find on the following page our sponsor opportunities,
do not hesitate to contact the ESMI for any further details!**
